F4 TRADE LIST 2026

VERSION 1 - FEBRUARY 2026

To see videos of all our products, visit our trade website –

www.cat4fireworks.co.uk

Welcome to our 2026 Trade List.

Welcome to our 2026 trade list for which we have worked very hard to increase the range, whilst being very conscious of price and continue to offer very good value for money.

Last year seemed to be a very good year for most display companies and we hope that 2026 will be even more successful. We are pleased to announce that there are NO PRICE INCREASES for 2026 and in some areas, we have managed to bring some costs down. These price reductions are spread across the trade list.

Look out for the PRICE REDUCED logo next to popular lines! ALL SHELL PRICES HAVE BEEN REDUCED IN PRICE FOR 2026 along with a range of other items across the range, whilst maintaining our usual very high quality.

Stock already on the water!

We are pleased to say that we already have stock on the water, with one container already left China and another one about to leave as I write this! This means we will have 90% of our range available by March / April 2026, which allows for spring and summer shows, along with early preparation for the November season.

Mortar tubes – we have a container leaving China very soon containing mortar tubes, this will be in stock from March, so let us know your requirements!

NEW LINES FOR 2026 **- We have introduced some excellent new lines to our range this year, please see the 'new page' and as always, videos are available at our website or as a direct link from this trade list of all our new products. We have a whopping 17 new cake lines across all sizes in both noise and low noise. Some to point out are our new 'dump cakes' which fire the whole cake instantaneously to provide a real sky filler effect, great for finales! And also a great range of 49 and 50 shot cakes, which allow for better budgeting in shows, but provide sky filling effects. Some great new fan cakes too and some stunning new effects! We hope you will like them as much as we do!**

To see videos of all our products, visit our trade website –

www.cat4fireworks.co.uk

There is **NO MINIMUM ORDER** – order size is not important to us, so whether large or small, any order is welcome.

Please note all prices in this trade list EXCLUDE VAT and this will be added to your invoice at the current rate of 20%. *Remember, we are a friendly, approachable, caring firework company – so if we can be of any help at all, just pick the telephone up and talk to us. We love* to hear your comments.

 ***If you see this picture next to any of our products in this trade list – it means the item is LOW NOISE and ideal for quiet displays.*** 

*****BRAND NEW TRADE WEBSITE*****

www.cat4fireworks.co.uk

We are in the process of revamping our trade website! This will be available in mid to late February, but don't worry our old site is still up to date with all the new products, so you can view all videos and place orders the same as normal before the new site goes live!!

Terms and Conditions

All items in this trade list are Category 4 and before we supply we must see copies of your storage license and see that insurance cover is in place. We also need to see a copy of your training certificates. We cannot and will not supply until we have sight of the correct documentation. We will also need to see evidence that you are a 'fireworks company' in the form of a letterhead or other promotional material.
Unless credit terms are agreed, payment is due with order. We accept all methods of payment, cheques, BACS, credit/debit cards and cash.

To obtain category 4 product from us you must supply:

1) Proof of your Public Liability Insurance
2) Evidence of your storage
3) Evidence of your training
4) Proof of trading company eg letter head, company registration details

Discounts

Discounts are available for larger spends – please talk to us about your requirements. We understand that price is very important especially in the current climate and we endeavour to offer high quality products at very competitive prices**. Jonathan's Fireworks are high quality products, however if you feel that you could be offered a better deal elsewhere of products with same quality, please let us know and we will try our very best to match any offer.**

All goods are supplied as Category F4 – this means they are your responsibility to use safely and appropriately. Jonathan's Fireworks Limited accepts no liability for any outcome related to the use of Jonathan's Fireworks product. It is entirely the buyer's responsibility to allow for adequate safety distances and we accept no liability for any adverse effects resulting from the use of our products.

All shortages must be reported to Jonathan's Fireworks Limited within 3 days of delivery or collection.
All descriptions, timings and sizes are approximate and given as a guideline – we try to be as accurate as possible.

To see videos of all our products, visit our trade website –
www.cat4fireworks.co.uk

All goods remain the property of Jonathan's Fireworks Limited until the invoice is settled in full – we reserve the right to recover the goods if full payment is not received in the stated time scales.

Any questions or queries relating to our products or indeed prices – TALK TO US!

BPA Training 2026

We continue to offer both Firer and Senior Firer BPA Training with numerous dates available throughout the year, please contact us if you would be interested in attending one of our courses. We also offer courses that are open to your company only, where we can even come to you and issue training at a venue near to where all your staff are located. Please get in touch to discuss your requirements.

Barrage Packs

Our ever so popular barrage packs which are perfect for all types of displays provide excellent value and superb performance. Each pack comes complete with 18 barrages and 9 different effects to allow you to fire in pairs. All contain three different sized cakes allo wing you to form the basis of a show and then you simply add shells, candles and larger cakes as required.

These come complete with quick match leader and delay fuse – ready for hand firing or insertion of an igniter. *They now come with in and out fuses along with E fuse connectors for easy inserting of an igniter!*

JF4100 – Cat 4 Barrage Pack A – NOISE – 2/9 - £139.00 per case (each barrage pack contains the following). Video

20mm Cakes – 30 seconds each	30mm Cakes – 25 seconds each	30mm Cakes – 35 seconds each
2 x 16 Shot Yellow to Red Peony	2 x 9 Shot Multicolour Fish	2 x 16 shot Silver Strobe Willow
2 x 16 shot Blue to Yellow Peony	2 x 9 shot Silver Crackling	2 x 16 shot Brocade Crowns
2 x 16 shot Coloured Palms	2 x 9 shot Silver to Yellow to Blue	2 x 16 shot Purple to Crackling Willows

JF4300 - Cat 4 Barrage Pack B – NOISE – 2/9 - £139.00 per case (each barrage pack contains the following). Video

20mm Cakes – 30 seconds each	30mm Cakes – 25 seconds each	30mm Cakes – 35 seconds each
2 x 16 Shot Green Pearl to Crackling	2 x 9 Shot Sea Blue to Green	2 x 16 shot Orange Dahlia to Silver Strobe
2 x 16 Shot Red Pearl White Strobe	2 x 9 shot Silver Crackling Palm Tree	2 x 16 shot Blue Strobe
2 x 16 Shot Purple and Green Palm	2 x 9 shot Purple and Blue Dahlia	2 x 16 shot Red Palm and Time Rain

JF4200 - Cat 4 Barrage Pack - LOW NOISE – 2/9 - £139.00 per case (each barrage pack contains the following). Video

20mm Cakes 16 shots – 25 secs each

2 x Silver Strobe tail with red pearl
2 x Red Pearl with silver strobe willow
2 x Lemon, green and red comets

30mm Cakes – 25 seconds each

2 x Blue Pearl to silver flying fish
2 x Silver Strobe mine to huge spinner
2 x Red tail to red and white strobe

30mm 16 shots – 30 seconds each

2 x Blue tail to blue pearl and brocade crown
2 x Silver strobe mine to purple dahlia and green strobe

25mm 16 Shot Fan Cakes – 20 seconds each

2 x Blue to golden willow cascade

JF4400 – CAT 4 BARRAGE PACK C – 3/2 - £139.00 per case. Video

We have taken the effects from our Cat 4 Barrage Pack A and made it into 6 cakes! That's right – same effects, same duration, but easier setup and less igniters! So for example we have a 27 shot 30mm cake which contains 9 shots fish, 9 shots time rain and 9 shots blue and yellow - the duration of the cake is approximately 70 seconds and will fire in order of 9 shots fish, followed by 9 shots time rain, followed by 9 shots blue and yellow.

For the 16 shot cakes, you get a 48 shot cake containing the three different types and the last 4 shots of each effect type will fire together, just as normal, and then the next effect will begin! The duration of these cakes is between 80-105

seconds, you get two of each type as normal so you can fire over two firing positions. Everything is the same, except instead of having to setup 18 cakes - you can just setup 6!

Each pack contains –

2 x 27 Shot 30mm Fish, Blue and Yellow and Time Rain
2 x 48 Shot 20mm Red Peony, Blue and Yellow, Coloured Palms
2 x 48 Shot 30mm Brocade, Silver Strobe Willow, Purple to Crackling Palms
